Eden Collection

Add a touch of elegance to your home with the Eden collection, a range of recycled woven jacquards offered across six sophisticated colours: Porcelain, Dove, Ink, Mole, Olive and Wedgewood. The fabrics feature a metallic yarn and raised texture, giving the collection a luxe feel, with a graceful shimmering effect. Featuring a classic scallop pattern, an abstract leafy trail and easy to use, all-over textures, the fabrics have been cleverly designed so they can be used within the same space. The five designs have been carefully coloured to work in perfect harmony with recycled plain fabric, Austen, and when combined, you can create an opulent, luxurious interior space.

*PATTERN REPEATS, JOINED WIDTHS AND PATTERN ALIGNMENT

Pattern repeats and widths are not exact and can vary by ±5%. We cannot guarantee exact measurement. Please ensure that pattern alignment is adequate to produce a satisfactory result. Ties are not completely stable. It is always possible that the pattern will not be completely 'square' on the cloth. Whilst every effort is made to avoid distortion, a commercial tolerance is to be accepted. Please check the pattern alignment is acceptable before cutting and making. We do not accept claims after the goods have been cut or sewn.
