Textures III Collection

Following on from the success of Textures and Textures II, we are thrilled to re-launch our favourite designs: Glint, Astrid, Blean, Rion, Wick and Norma, all made with recycled polyester.

By embracing sustainability, we are committed to preserving the environment without compromising the opulent feel and aesthetic appeal that define our brand.

This revamped collection introduces the addition of 22 new contemporary colours, expanding the palette to include an array of sophisticated shades including Gold, Clay, Rust and Olive.

As we invite you to explore this refined collection, where each design unveils a tale of sustainable luxury. The fusion of recycled yarns, a diverse range of colours, and unique textures propels this collection into the realm of refined elegance, guaranteeing effortless integration into a variety of design schemes.

Waste plastic bottles are first cleaned and made into flakes.

Flakes are then blended, melted and turned into chips.

The chips are melted again and transformed into a fibre. This fibre is then spun into yarns.

Finally, the yarns are woven into fabrics produced for this collection.

Featured fabrics: Drapes, left to right; Astrid in Coral, Norma in Gold, Blean in Taupe & Glint in Cream. Chair; Wick in Wheat.

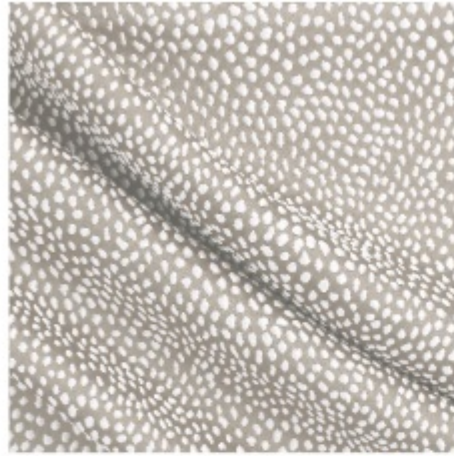

Featured fabrics: Left to right; Blean in Moss, Norma in Copper, Norma in Champagne, Glint in Rust, Glint in Rose, Glint in Pistachio, Blean in Earth & Astrid in Coral. Background; Rion in Dove.

*PATTERN REPEATS, JOINED WIDTHS AND PATTERN ALIGNMENT

Pattern repeats and widths are not exact and can vary by ±5%. We cannot guarantee exact measurement. Please ensure that pattern alignment is adequate to produce a satisfactory result. Textiles are not completely stable. It is always possible that the pattern will not be completely 'square' on the cloth. Whilst every effort is made to avoid distortion, a commercial tolerance is to be accepted. Please check the pattern alignment is acceptable before cutting and making. We do not accept claims after the goods have been cut or sewn.

COLOUR VARIANCE
Slight colour variances may occur between batches.
