

The background of the entire image is a close-up of a red fabric with a fine, woven texture. The fabric is draped, creating soft folds and shadows that emphasize its tactile quality. A dark red rectangular box is centered on the image, serving as a backdrop for the text.

Wallace Collection

Elevate your space with the Wallace collection, a pairing of two recycled, dual purpose, plain fabrics, Christie and Harper.

Designed with playful sophistication in mind, Harper is a tactile bouclé offered in a vast palette of on-trend shades including warm neutrals, earthy tones and deep rich hues of blue and green.

Two-toned weave, Christie, a timeless fabric with a beautiful drape, is an ideal choice for curtains as well as upholstery.

These two fabrics have been designed to add character into any interior space.

Waste plastic bottles are first cleaned and made into flakes.

Flakes are then blended, melted and turned into chips.

The chips are melted again and transformed into a fibre. This fibre is then spun into yarns.

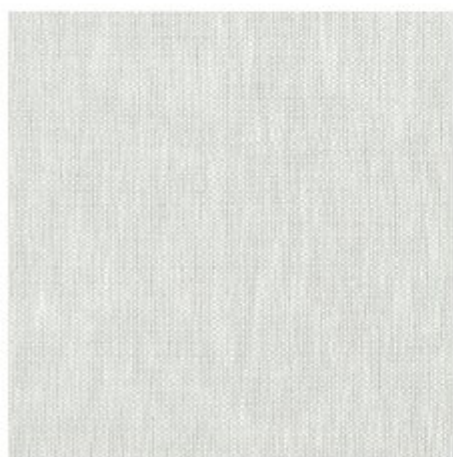

Finally, the yarns are woven into fabrics produced for this collection.

*PATTERN REPEATS, JOINED WIDTHS AND PATTERN ALIGNMENT

Pattern repeats and widths are not exact and can vary by $\pm 5\%$. We cannot guarantee exact measurement. Please ensure that pattern alignment is adequate to produce a satisfactory result.
 Textiles are not completely stable. It is always possible that the pattern will not be completely 'square' on the cloth. Whilst every effort is made to avoid distortion, a commercial tolerance is to be accepted.
