Zen Gardens Collection

Step into refined luxury with the Zen Gardens collection, inspired by gardens found in Japan, derived from nature, with a distinct Japanese influence, this range of beautiful fabrics invites you to create a calming, serene interior.

The collection features a soft and comforting boucle weave, Kokoro, offering an inviting upholstery option that enhances the overall sense of tranquillity. Tonally coloured willow leaf pattern Hiroshi pairs with delicate butterfly design Kano, embellished with metallic highlights, adding a touch of nature's elegance. These intricate details not only add depth and visual interest but also symbolize transformation and renewal, a nod to Japanese culture.

Geometric jacquard Manami and tactile velvet Byobu add a modern sophistication to the collection, blending seamlessly with the organic designs in this range.
